Skiing in Scotland is perfect for beginners and more experienced visitors keen to brush up their skills. A short ski break in Scotland is a really good way to try out the sport before committing to a high cost ski holiday elsewhere in the world. The weather and the snow conditions at Scotlands five resorts have never compared favourably with the continent. A spate of mild winters has even threatened to bankrupt the industry while periods of heavy snowfalls can be accompanied by high speed winds and poor visibility. Every regular Scottish skier will have their own horror stories. For example the rocks, the slush, the ice, the wind. However there will also be at least one story of a heavenly days skiing under blue skies, with barely a soul on the slopes. Another advantage is that all the resorts are within easy reach of the capital. Tips to ski in Scotland include checking the daily weather before you go. Hire the equipment it may get broken due to the rocks. Take your own food, you dont want to be tripping back into town during the day.
