The English language has become the de facto world language. Globalization has ensured more communication among the people from across the globe and English assumed its numero uno place among all the languages vying for the coveted place of a universal language. An English masters degree can be helpful in the workplace for both, the employee and the employer. The Masters in English is offered in a wide variety of streams.

English Masters Avenues

Many institutes and universities in the world offer the distance learning masters English degree. These courses are available in different modes with specialization offered towards the end of the program. These can be the normal English language masters degree, applied linguistics (English), English language teaching, etc. The masters degree programs offered by the universities are intensive in nature and require total dedication from the students. These programs cover a wide range of subjects like grammar, composition, phonetics, lexicography, sociolinguistics, etc. Other areas of distance learning masters English covered by the institutes are psycholinguistics, intercultural communication, applied linguistics corpora, stylistics, child language development, etc.

Resources and Delivery of Courses

Reputed universities like the University of Manchester offer a masters degree in the English language. This credit-based program can be completed in between two and three years from the time of enrollment. University of Reading offers a one-year full-time program in distance learning masters English. Other institutes of repute are the University of Massachusetts, California State University Hayward, University of Sheffield, York University, etc. Some of these courses are modular in nature and can be completed over a longer period of time as opposed to others which are time bound through credits.

A student enrolling in a distance learning masters English program must have access to the internet. Some students also prefer to opt for a private tutor throughout the whole course or for a few units. However, faculty members strongly advise the students to buy hard copies of books needed to pursue the program. Teaching material, dissertation, and tests are executed through the internet only.

Stronger communication is the key to success today. Mastering the English language is the path to that success in this global village. English language mastery will not only instill confidence in you to take on the world, but create a new reservoir of knowledge within you. We will be only too happy to be a party to your endeavor in accomplishing the goal of mastering the English language.
