

## Better Online Dating Tips

Online dating is a great opportunity to expand your dating choices and meet new people. Even though a wide-spread stereotype is that dating websites are an arena for the desperate, they are actually effective way to meet other singles.

You might just be too busy to go out and meet people or just wanting to enlarge your social horizons. Or you may have just recently moved to a new town and haven't had time to make friends. Whatever your reasons might be, an online dating service may offer you a fresh start.

However, as with any other social experience, it can also go worse than expected. This article is aimed to provide you with some better online dating tips to ensure you will make the best of this experience.

### Flirting

The key to get what you want from an online dating service is flirting. Although some of you may think they cannot do it, it's actually much simpler than in face-to-face conversation. All you need to do is learn about the different kinds of online flirting approaches, pick one that works for you and put it into practice.

### Simple conversation

Online dating is generally carried out through chat or e-mail. A very useful better online dating tip is to keep your answers simple, short and sweet. Don't write endless messages with deep meanings. It is safer to keep a light-hearted and upbeat tone. This has proven to attract more successful online dates. Ask questions in a simple and easy to answer manner and keep your answers simple too.

### Screen names & Emoticons

Use screen names in your written conversation, not your real name. Find a screen name that you like and feel confident using. Emoticons are also nice, but they may become annoying or seem insincere if you use them excessively.

### Self-confidence

Using a self-confident tone in your conversations is another better online dating tip. Self-confidence is an attractive characteristic. If you like yourself, others will like you too. However, be careful not to cross the line and seem too full of yourself.

### Humor

Humor is also an appealing feature that can lighten up a conversation. If you have a good sense of humor, use it with confidence. Humor used with taste will always be appreciated.

### Compliments

Everyone loves a compliment, that's a fact. Surprising your date with genuine and sincere compliments is a great better online dating tip. If you receive a compliment yourself, don't forget to say "Thank you!"

### Enticers

Among the most useful better online dating tips are enticers used in your e-mail communications. You can try the classic pick-up lines or make up your own. However, keep them light and inviting so that you sound cute, interested and sincere, but not too pushy. This will certainly help you making a good impression.

Just following these simple better online dating tips will help you become a flirting master sooner than you expected and will ultimately get you that successful date you've been waiting for.
