

Abundance and Prosperity is Found in Doing What You Enjoy

Every one of us is born with a purpose and we exist to do something special. It is our duty to discover what that something special is, and fulfill it.

Unfortunately, it usually takes many years of trial and error, frustration, and questions for most people to get their own personal purpose clear. It should not take years to get your purpose clear because your purpose is simply found in your gifts, talents, and interests.

I believe if you go out and live your life, doing what you enjoy the most, great blessings will follow you. It's these blessings that cause you to enjoy your life. Not the amount of income you are earning, which most people think.

If you love God and keep Him first in your life He will be sure you have enough income, as long as you do your part, which is to be willing to work.

It's so unfortunate that most people think that in order to be rich one has to have a great income and a whole bunch of stuff. On the contrary, being rich involves a whole lot more!

If a person has their basic needs met, like having food, clothes, and shelter, plus good health, good relationships, and enough income to cover their living expenses with three months living expenses set aside for emergencies and no consumer debt, then they are already rich.

If a person has all those things and are also doing something that brings them great joy, then they are super rich! How can a person who is rich become super rich? I believe the answer is for every individual person to understand what God designed them to do.

Everyone has a purpose in life, and most people agree with that. But again, many people don't know what their purpose is.

Every person knows what they are good at and what they are not good at. The reason many people are confused is, they are equating their purpose with earning income.

A person MUST absolutely do what they love do to despite the income from it! If you love to paint, then paint. If you love to play guitar, then play guitar. If you love working with kids, then work with kids.

You may say you don't have any talent. That's ridiculous! Everyone can do something well. Pray about it. Jesus said to, "Ask, and it shall be given you; Seek, and you shall find; Knock, and it shall be opened unto you" (Matthew 7:7).

Ecclesiastes 9:10 says, "Whatever your hand finds to do, do with all your might." When you do what you love to do with all your might you will discover how much more you will enjoy your life.

Again, your purpose is simply found in your gifts, talents, and interests. Go out and live your life doing what you enjoy the most and great blessings will follow you!
