

Liveaboard Bali Scuba Diving Cruise

What can be a more adventurous and fulfilling scuba diving vacation experience than liveaboard luxury yacht cruising and scuba diving in the tropical islands of Bali?

Contrary to what many scuba divers think, liveaboard scuba diving may not be as expensive as you think. In fact if planned properly, live on board diving vacations may even save you money and inconveniences. Firstly, you will on transportation time and costs traveling to your dive operator's boat and then after your dive, returning to your hotel or resort lugging your cumbersome scuba diving gear with you and repeating the same process for the next couple of days during your vacation in Bali.

Next, you save money on hotel or resort accommodation because since that you are living on the dive boats, there will be no need for hotel or resort bookings. Furthermore, you do not need to hunt for expensive meals in your hotel or resort since all liveaboard scuba diving packages will include delicious meals which will also mean that you will be probably having very fresh and delectable sea food caught by the crew while you are enjoying your liveaboard cruise.

The highlight of your liveaboard Bali vacation is that you can dive in many exotic dive locations instead of only the dive spots near where you stay. This is because since that you need not return to your resort or hotel to retire for the day, the liveaboard dive yachts will cruise away to far flung scuba diving locations while you are sleeping. This again saves you time and best of all, you get to save more money by diving in more places for the same price.

Here is a typical example of a liveaboard Bali scuba diving itinerary. It is a 7 day Bali excursion.

Day One - Visit one of Bali's most interesting street on the way to Pemuteran & Menjangan North West Bali which will also include a stopover in View Point Restaurant Sanda. You will dive in Pemuteran House Reef & Reef Project or Secret Bay in Gilimanuk

Day Two - Your liveaboard boat will cruise to Menjangan Island. You will be diving at the National Park, Walls, Anker Wreck, Coral Garden, buffet lunch on the white powdery sandy beach of the island. The boat will then land and send you to the north coast and visit a well kept secret Waterfall and a hot spring.

Day Three - Scuba diving activities will be at Amed Tulamben or Secret Spot, Drop Off, Liberty Wreck Dive (American battle ship sunk during WW2) & some wall diving.

Day Four - Some land excursion to enjoy the view of Bali's world famous terraced rice fields in the morning. Then your liveaboard yacht will take you diving at the Blue Lagoon & White Beach. There will also be a night dive at the Blue Lagoon.

Day Five - Continue your Bali vacation by cruising to Gili Mimpang & Gili Tepekong or Gili Biaha for fantastic dive sites.

Day Six - More scuba diving activities at Gili Biaha or Nusa Penida or Nusa Lembongan. The sea at these diving locations could be rough at times, so the dives would very much be dependant on the weather. However, if the weather allow, you will be scuba diving in one of the most breath taking underwater scenery in the world.

Day Seven - More scuba diving at the Blue Lagoon, White Beach and the Channel and then off to Bali airport to your next scuba diving adventure.

So if you want to save time and money during your Bali scuba diving vacation, why not try liveaboard luxury boats instead?
